

LASD CCW Modification Timeline Data Point

One of our students completed a LASD firearm modification qualification with us at Burro Canyon on Sunday, May 3.

He submitted his modification paperwork and training certificate the same day.

Timeline:

- May 3: Qualification completed and documents submitted
- May 11: Approved for pickup
- May 15: Pickup appointment completed

Student said the pickup process at LASD was extremely smooth. They used the existing CCW photo, printed the updated permit ahead of time, and the entire visit took about 5 minutes.

This is another indication LASD modifications are moving much faster than many people expect.

Reminder:

- LASD requires qualification/training documentation within 30 days
- You must list all firearms currently on the permit plus the new firearm being added
- Bring matching firearm information exactly as registered/DROS'd

For those asking, LASD modifications are definitely active right now.

CCW Los Angeles timeline question

CCW

My original Email with my name, address and phone number is May 13 2025. I just called the phone number listed and they are processing Oct 2025 applications so mine got stuck.

P.S. When I was sending my email you didnt have to include gun details but now they do require gun serial etc with your initial email. Maybe that was the problem for me? Any help is appreciated

Renewal Class: 5/3/26

Application Submission: 5/5/26

Approval: 5/11/26

Edit: I submitted after 5pm Tuesday and I'm sure most people who took the class on that (5/2 or 5/3) weekend submitted before me. So if you get your application submitted right away after the class, you may see the approval by Tuesday. If you're outside of Sac county, it's probably different.

San Joaquin County CCW Timeline

This will just be a straight to the point start to finish on how long it took me to get my CCW in San Joaquin County. Mostly everything was done online.

December 5, 2025 : Complete application through San Joaquin County Sheriff and pay \$163 including taxes. After the application through Permitium it will tell you to book an appointment for interview and Live Scan

December 9, 2025: I came in, an officer guided me through a metal detector. Waited at the lobby and then got called in. A person will sit you down and walkthrough your application making sure every information is correct. He then told me how long I should expect to get a call back, he said about 3-5 months. After the interview it is the Live Scan.

March 6, 2026 : I received a missed call from the county sheriff, he did leave a voicemail regarding the CCW application. I tried calling back he didn't answer so I left a voicemail when I was available. Also keep in mind this is when they have already contacted the 3 references that you are required to put on the application. My friends had let me know that they were called by the same guy.

March 10, 2026 : He calls again, I was expecting an interview. But it is almost exactly like the interview on December 9th. He questions my job and about my application again. In the end he says I will get a call back in 3-4 weeks If I am approved or not.

March 21, 2026 : I got the call, this time it was automated and saying that I am approved and now allowed to take the 16 hour class.

March 21,22, 2026 : I took my 16 hour class with Elite Armory Plus in Tracy, completed it in a day and got my 16 hour class certificate. I call their store to book an appointment for the Live Fire.

March 27 2026 : Arrived at the store with my 3 firearms that I needed to qualify for my CCW. Basically 30 rounds for each firearm. 5 Rounds at 1.5 yards, 5 Rounds at 3 yards, 10 Rounds at 5 yards, 5 Rounds at 7 yards, 5 Rounds at 10 yards.

After passing the Live Fire they will give a paper certificate for qualification. So next I went on Permitium to upload my 16 hour class certificate and the Live Fire certificate. After all that I was able to schedule my pick up.

March 30, 2026 : I go to the Sheriffs Department, go through the metal detectors, wait in the lobby. I gave my ID and after 15 minutes I was out with my new CCW.
So total around 3 months to get a CCW in San Joaquin county maybe shorter If I didn't miss his call hahahaha

Solano County CCW Timeline

Just want to share my timeline with anyone considering getting their CCW in Solano or is currently in the process. It took roughly 8 weeks from my interview with the Sheriff to getting approved and picking up the license. That included processing my background, taking the class and qualification. I was pleasantly surprised how quick this county moved after my interview! Btw this was my initial license application not a renewal.

hope this helps! you riverside peeps are lucky af

LASD CCW Modify (Add/Remove Firearms) – Early Turnaround Data Point

CCW

Now that LASD has finally rolled out the modify option, starting to see some real timelines come through.

Recent example:

- Qualification: April 18
- Submitted via Permitium same day
- Email to schedule pickup: April 24

~6 day turnaround

A few things that seem pretty clear so far:

- LASD is expecting a **current qualification** (they're not playing around with older certs)
- Process order matters: **qualify first, then submit**
- You need to list **all firearms you want on your permit**, not just the new/additional one
- Most delays I've heard about are from incomplete or outdated paperwork

Honestly faster than expected, but this is still early. Wouldn't be surprised if timelines change once volume picks up.

Curious what others are seeing so far. Anyone else submit a modify request yet? What was your turnaround?

Multistate Utah & AZ was submitted 3/9. AZ permit in hand 3/30. Still waiting for UT permit to arrive.

LAPD CCW Timeline (Oct. 2025 to April 2026)

CCW

Yet another CCW timeline through LAPD, hopefully gives a rough idea of what to expect as of now.

Total wait was 193 days and cost was \$757.60.

--

Late September 2025 - Turned 21

10/2/2025 - Submitted waitlist request

1/15/2026 - Received Permitium link to apply. Scheduled interview (for 4/27) and gave references. Paid \$60.21

2/03/2026 - On my occasional Permitium check, I saw that an earlier interview was available. Rescheduled interview for 2/20.

2/20/2026 - Interview was super easy. Guy just let me know that he'd be calling my references soon. He also said that I should have done my live scan before the interview (which was news to me) but he was cool about it. Probably isn't normal, but he didn't ask any questions. Just had me sign my application and said I was good to go.

2/20/2026 - Went and got my Livescan done after my interview. Cost \$110. Booked training (NationwideCCW in North Hollywood) for \$349.

2/21-22/2026 - Class was simple. Classroom stuff for the first day, qualifying at the range for the second day. Super cool teacher, would recommend if you're in the area.

2/23/2026 - My references all got calls. I uploaded my training certificates to Permitium.

2/23/2026- Pending Supervisor Review

2/28/2026 - Pending Captain Review

3/12/2026 - Pending Chief Review

3/17/2026 - Pending Final Review

3/26/2026 - Approved

4/2/2026 - Made final payment (I moved between approval and now, so there was a bit of a delay waiting for them to confirm my new address). I was told that my permit has been issued and will be mailed to my new address. Paid \$222.39

4/7/2026 - They backpedal and say that my permit hasn't been issued, and now they actually need me to go through the initial residence verification process again. Sent lease and (temp) drivers license with updated address.

4/13/2026 - Received permit with issuance date of 4/15.

Total cost: \$757.60

Total wait: 193 days

San Leandro CCW Process - Alameda County

Just picked up my permit today. Here's the timeline, cost, and process. Legal protection is optional but highly recommended.

Issuing Agency: San Leandro Police Department (Alameda County)

Duration: 116 days (3 months, 3 weeks)

Total cost: \$1,719.77

Application Submitted	December 13, 2025	\$171.26
Livescan	December 13, 2025	\$133.00
Interview with SLPD	January 6, 2026	-
Psychological Evaluation	February 26, 2026	\$412.25
16 Hour Training	March 2-3, 2026	\$475.00
Permit Pickup	April 8, 2026	\$171.26
Legal Protection	Attorneys on Retainer	\$357.00

LAPD CCW timeline - 176 days

CCW

After reading horror stories about long waits (like 1-2 years) this felt relatively quick for LAPD. Just about 6 months from first email to card in hand.

October 9 - Email sent

January 22 - Recieved email to do the application. Filled it out and paid \$53.

Did live scan same day, cost \$119

February 10 - In person appointment

February 11, 12 - CCW class with Nationwide CCW. Cost \$349. Uploaded certificate immediately.

February 18 - References called.

March 19 - Approved. Paid \$222.39

April 3 - Received card in the mail. They send them out on the 1st and 15th of every month.

Total cost \$743.39

Total time 176 days

Two things I didn't know about:

While they only need to call 3 references, you have to enter 5 so they have a couple of backups if they don't get ahold of someone. Wasn't a problem but it was a surprise when filling out the application so I quickly had to ask a couple of more people if I could use them as references.

The firearms you qualify with don't have to be the same you entered on the application. What you qualify with is what matters.

I changed one of my 3 guns at qualification because I changed my mind and it wasn't a problem.

CCW timeline. Bet you can't beat it..

CCW

Monday the 23rd I finished my 8 hour online renewal, went to range, qualified. Came home and processed my renewal through the sheriff's office, uploaded on documents at this time.

Wednesday the 25th I got the email from the sheriff's office saying I need to sign off on the changes I made.

Went in today, the 26th, signed and picked it up. I 100% believe I could of gotten it on the 25th if I had the free time.

23rd-26th.

Most recent LASD CCW renewal timeline update

3 days ago

Hello, fellow Los Angeles gun owners. I have some great news regarding the LASD CCW renewal timeline: it's now very fast, and I'm pleased. Renewal application on 3/13 (delete one of two and add

two new), range cert on 3/18, requested to pay final payment on 3/23, and scheduled a pick up on 3/31 morning. LASD has really stepped up their process!! Very excited!

OCSD CCW timeline

10 days ago

his helped me when I was in applying so here we go.

11/20/2025 - applied online initial interview was scheduled for May/2026

12/15/2025 - live scan done cleared and uploaded online

2/1/2026 - CCW class done and uploaded online

2/26/2026 - interview rescheduled for March/2026

3/11/2026 - online interview done, approved and email received

it was very straight forward. Total cost was \$120ish? + \$325 + \$300 for fees.

LAPD CCW timeline

12 days ago

10/15/25 - sent email to be placed on waiting list

1/22/26 - email received to fill out CCW app on permitium original appointment for in person interview was 5/5/26

1/23/26 - Livescan done

1/25/26 - Checked daily/multiple times a day for sooner appt rescheduled it for 2/10/26

2/10/26 - Interview done, no questions asked just confirmed references and let me know she will be texting them before calling to give them a head ups.

2/15/26- firearms training done and submitted certificate

2/17/26 - 4 of 5 references received text messages "How long have you known the applicant? Do you think the applicant is a responsible person? Do you approve of the applicant receiving a CCW license?" No calls they all answered same day.

2/18/26 - pending detective review

2/20/26 - pending supervisor review

2/22/26 - pending Captain review

2/24/26 - pending Comm / Chief review

3/4/26 - approved, pay final fees

3/14/26 - received permit in the mail

The one thing I did to speed up the process was to keep checking the available dates for the CCW interviews. Fees: \$350 for the firearms training. No additional fees for multiple firearms, I qualified with (3) \$282.60 for the license on permitium. \$130 for the livescan. Total time: 150 Days.

ACSO CCW renewal timeline (Feb 2026)

17 days ago

- Initial CCW issue date: 3/5/2024
- Expiration date: 3/5/2026
- 90 days windows before expiration: 12/5/2025
- Reminder email from ACSO: 12/2/2025
- BAT qual: 1/24/2026
- BAT class: 1/28/2026
- Received certificate from BAT: 2/6/2026
- Applied for renewal on ACSO CCW site: 2/6/2026 Paid \$162.48
- Pick up email: 2/22/2026
- Pickup: 3/3/2026 (first available date since the pickup email)

When I was picking up my permit I asked the tech what's ACSO's official stance on having red dots and weapon lights. She said she *thinks* red dot is ok but *probably* not flash lights. But she asked me to double check with Claudia. So I emailed them right after I got home but so far haven't received an answer yet. I will update this post if I get an answer. What's interesting is that the BAT's qual certificate mentioned that my handguns had red dot and flash lights but yet I still got the permit just fine so I think both of them are still ok but in any case let's see what they reply to me.

LASD CCW timeline (

20 days ago

Been obsessively reading everything in this subreddit for a few months now and keeping up with others progress with LASD. Happy to say that I can share my experience now. Surprised at how fast everything went and it could have been about 2 weeks quicker had I done my training sooner.

1/5/26- applied on permitium

1/22/26- interview completed

2/12/26- approved to take training class

3/1/26- training completed (could have done this sooner and sped up my timeline about 2 weeks)

3/2/26- training certificate submitted

3/6/26- permit processed and final payment sent.

3/11/26- pick up date scheduled for 3/11/26

Very satisfied with the speed of the process. All in all a little over 2 months! Thanks to everyone for posting your experiences and look forward to being a responsible ccw holder.

CCW Timeline - LAPD

21 days

Here's the breakdown of my timeline with LAPD:

- 4-10-25 - Sent email to CCWprocessing@lapd.online to get on the wait list. Wait time was 18-24 months at the time.
- 4-17-25 - Received email confirmation that I was officially on the wait list and confirmed expected timeline.
- 5-27-25 - Requested "Record Review" from DOJ. Just an extra step to see if I was missing anything on my end that I was forgetting.

- 5-30-25 - Received DOJ letter for Record Review.
- 10-15-25 - Emailed LAPD for an update on the wait list. Just wanted to see if anything had changed since the last update.
- 10-15-25 - Received response in the afternoon. Currently they were working on applications from 10/2024.
- 11-19-25 - Received email instructing me to proceed to Permitium to start the application process. Finished application, set appointment for 1-26-26 @ 07:45 AM and paid **\$60.21**
- 11-20-25 - Went and submitted LiveScan **\$120.00 - LowBudget LiveScan & Fingerpringing, Long Beach - Markus**
- 12-29-25 - Emailed LAPD to confirm appointment and address.
- 1-2-26 - Received email confirming time and date with new address: LAPD Northeast Station 3353 N San Fernando Road LA, CA 90065
- 1-20-26 - Went for day 1 of CCW course. Banguard Protective Services " Craig" 8605 S Crenshaw Blvd Inglewood, CA 90303 **Paid \$250.00 +\$12 processing fee. Includes ammo for qualification.**
- 1-21-26 - Day 2 of class. Half classroom and other half Range day. **Paid \$23.69 range fee at Insight.**
- 1-22-26 - Picked up CCW Qualification form and certificate of CCW class completion.
- 1-23-26 - Received email from LAPD confirming appointment and documents to bring to appointment.
- 1-26-26 - Arrived early for appointment and IA detective took me in and went through the interview. She asked about my application and confirming everything on it. Told me next steps and what to expect.
- 1-26-26 - Application status updated to pending detective check.
- 1-28-26 - Detective text messaged/called references.
- 1-29-26 - Application status updated to "Pending Supervisor Review"
- 2-1-26 - Application updated to "Pending Captain Review"
- 2-4-26 - Application updates to "Pending Commander/Chief Review"
- 2-17-26 - Application updated to " Pending Final Review"
- 2-19-26 - Received text/email to submit final payment. **Paid \$222.39**
- **2-19-26 - Application approved**
- 2-27-26 - CCW mailed out with issue date of 3-1-26
- **3-2-26 - CCW Card received!**

327 days total from start to finish.

\$282.60 - LAPD w/ Permitium fees

\$285.69 - Banguard CCW class

\$120.00 - LiveScan

\$688.29 - Total

Patience is key. The process is pretty straight forward and worth it IMO. LAPD gets a lot of hate, but I had a good experience with them and knew what to expect going into this. It helped that I was constantly checking in and seeing if any other appointments opened up. I have seen many get lucky and have their appointments bumped up closer. Some of the people I talked to at the interview also had the same luck of moving up in line and finding closer appointments. It seems like they are moving along faster. Is it worth it? Totally. Best of luck to you all who pursue this through LAPD.

SFPD CCW permit timeline + process

27 days ago

TL;DR: Submitted original application 7/6/2025. Took my time with process, received permit in mail 2/20/2026, about 7.5 months. Probably could've done this in <3 months - spent 1 month waiting on references, scheduled psych eval 2 months out, scheduled range day 2 months out.

Timeline:

7/6

- submitted application

7/15

- received call to schedule first appointment

7/23

- first appointment, fingerprints
- SFPD had some trouble reaching all references for a bit

8/23

- received email to schedule psych eval
- 10/25 did asynchronous psych eval
- 10/27 did psych eval with psychiatrist
- 11/13 emailed to schedule course and live fire

1/31

- did course + passed live-fire exam with Saber tactics

2/9

- submitted paperwork to Permitium

2/20 received

- CCW permit via mail

Costs:

Probably nearly \$1000, \$400+ for the class + live-fire day, \$400+ for the psych eval, \$144 for the application fee.

Other notes:

I was told go to with SFPD, not SF Sheriff's department - I believe sheriff's department only has one person to handle CCW applications. The live-fire portion is extremely difficult to fail for SFPD. The instructors said they've never seen anyone fail. Overall, smooth process, but pretty drawn out.

**** LASD CCW Renewal Timeline ****

1mo ago

Figured I would post my renewal timeline for anyone curious of what that is looking like right now. I have my CCW through LA County Sheriff. My license was set to expire on 2/22/26.

My 90 started on November 24, 2025 which is when I started my renewal application:

11/24/25 - Filled out and submitted renewal Application on Permitium.

12/5/25 - Received Email stating I was authorized to do my firearms training (CCW 8 hour Renewal course)

*Because of the holiday schedule I didn't do my class until January 24th.

01/24/26 - Completed 8 hour Class and qualification with MedicUP

01/24/26 - Submitted Class paperwork to permitium

01/29/26 - CCW renewal approved, final payment sent, and pickup appointment set

02/13/26 - Picked up new CCW from LASD station in Monterey Park. 😊

Could have done this faster had it not been for the Holidays! Overall a really easy process.

7 months, 5 days, and \$645.88 later. And I thought the 10 day waiting period was tough... lol. Made this neat infographic of my whole timeline. New LASD CCW applicants can expect a similar process. The lawsuit be working!

LASD CCW Timeline JUN 2025 - FEB 2026

1mo ago

Sharing my full LASD CCW timeline. This was through LASD using Permittium. I completed training with Paragraph 2 LLC.

Total time: **237 days** from application to pickup.

Date	Event/Note
------	------------

Jun 19, 2025	Submitted my application to LASD via Permitium. Interview scheduled for June 23, 2026 .
Oct 13, 2025	Received an email from permitium and the interview was automatically rescheduled for October 29, 2025 .
Oct 22, 2025	Live Scan initiated
Oct 24, 2025	Live Scan Completed
October 29, 2025	Completed the in-person interview with LASD CCW unit and all three of my references were called as soon as I exited the building.
Dec 01, 2025	Authorized to complete the (16) hour firearm training course.
Dec 06-07, 2025	Completed the (16) hour firearm training course. All necessary documents uploaded.
Jan 31, 2026	Final payment and scheduled pick-up appointment for Feb 11, 2026
Feb 11, 2026	CCW pick up.

LAPD CCW Timeline 2025-26

5/20/25 - placed on waiting list

12/2/25 - filled out CCW app @ live scan

12/19/25 - CCW interview

12/20/25 - pending references

12/26/25 - firearms training

12/27/25 - uploaded firearms certificate

12/29/25 - pending detective review

1/2/26 - pending supervisor review

1/21/26 - pending Captain review

1/28/26 - pending Comm / Chief review

2/3/26 - approved, pay final fees

2/12/26 - received permit in the mail

The one thing I did to speed up the process was to keep checking the available dates for the CCW interviews. My original date was supposed to be in March of 2026, but everyday and hour I checked and I was lucky to find an opening for 12/19/25.

LASD CCW Timeline - 121 Days Application to Pick Up

2mo ago

Wanted to share my approval times; seems like I'm part of the first wave since DOJ intervention with the fully accelerated timeline.

10/22/25 - Submitted Application

12/10/25 to 12/12/25 - References Called

12/12/25 - In-Person Interview (Moved up from initial Permitium appointment of 10/2026). Further, I called to move my reassigned interview up about 2 weeks

12/16/25 - DOJ LiveScan Returned (Took about 5 days from fingerprinting)

12/17/25 - 'Supervisor Review' status

1/17/26 - Approval to Train

1/24/26 - 2-Day CCW Training

1/25/26 - Submitted Training Documentation + Emailed Unit

2/6/26 - Final Approval and Payment, Pick up Scheduled

2/20/26 - First available Pick-Up Appointment Selected

121 days start to finish. Was honestly surprised the Final Approval came so quickly, but it looks like it was balanced out by how booked out they are on pick-up appointments.

LASD CCW TIMELINE

2mo ago

10/26/25 - Application submitted with interview date set for 10/29/26

11/29/25 - Received email stating that my interview date had been rescheduled to 12/30/25

12/17/25 - Received email to do live scan fingerprints

12/30/25 - Completed interview

1/17/26 - Authorized to complete 16 hour ccw training course

1/24 - 25/26 - Completed 16 course with Medic Up Consulting

1/25/26 - Uploaded training documents to permitium

2/6/26 - Application approved, final payment sent, scheduled for 2/19/26 permit pickup.

Just under 4 months from initial application to when I will pick up my permit. They've definitely picked up the pace.

REVISED LA County CCW Timeline

2mo ago

Just wanted to share my experience with the CCW timelines in LA County, (LASD, issuing agency) they are still slower than they should be but have decreased significantly, total time for me was just shy of 5 months

September 22, 2025 - Application submitted. Interview first set for September 24th, 2026

November 27, 2025 - interview rescheduled to December 12th

December 1, 2025- livescan completed and submitted

December 12, 2025 - completed interview

December 27, 2025 - proceed with training email received

January 11, 2026 - completed training and uploaded documents.

February 6, 2026 - permit approved and paid final fee

February 19, 2026- scheduled pickup day.

150 day wait, 2 days short of being 5 months.

CCW timeline so far

2mo ago

12/31/24 - LAPD application submitted

****1/8/25 ****- Placed on waitlist. Current wait time quoted to be 15-16 months

10/29/25 - LAPD reached out to let me know that they've reached my spot on the waitlist and for me to submit my livescan. I had to rescind my application because I moved to an area served by LASD months prior

10/6/25 - LASD application submitted, interviewed scheduled for 10/8/2026 on the same application

11/4/25 - LASD rescheduled my interview to 12/19/25

11/26/25 - I called and rescheduled my interview to 12/30/25 because I couldn't get the time off.

12/1/25 - I called and rescheduled for January because I couldn't get the time off for 12/30 as well, but luckily they had a 12/10 interview slot open. Got my livescan done the same day. Don't forget to upload to permitium, unlike me.

12/10/25 - Interview done. Super easy. Went over the application questions. Was reminded to upload my livescan and to watch out for an email for authorization to complete CCW course.

1/14/26 - Received email to be authorized to complete CCW firearm training course.

LAPD CCW Timeline 2025

Hi all-

I have been reading this page for a while during the process of obtaining my CCW and found the timelines and discussions very helpful. Thus, I hope you don't mind if I provide my timeline as it might help folks going through the process:

January 5, 2025 - sent email to LAPD CCW Unit to be placed on waitlist. They responded a few days later and told me the timeline was averaging 15-16 months.

October 29, 2025 - CCW Unit sends email that they have reached my spot on the waitlist and provide a link to complete the application. I complete it the same day and schedule first available appointment which was March 30, 2026 for interview.

October 30, 2025 - Complete Live Scan

November 5, 2025 - While ensuring Live Scan was sent, I see that there is an option to reschedule interview and find an appointment December 2, 2025.

November 15-16 - Complete 16-hour training (at The Range LA which is a really really good class and not a waste of time at all!)

December 2, 2025 - Complete interview with LAPD and verify that all requirements are met.

December 3, 2025 - References called by LAPD

December 17, 2025 - CCW approved

December 23, 2025 - CCW in-hand

As a side note, I purchased another gun after completing the application (Staccato HD P4 CA Compliant) and asked at the interview if they could add it to the CCW. As I had qualified on it and it

was registered to me, they were totally cool with it. I hear that other departments are not ok with adding outside of renewals, etc. but not an issue with the LAPD CCW Unit for me.

Good luck everyone with the process. Once you get the application, it seems to move pretty quick (at least in my experience).

Thanks again for this reddit. I find it very helpful/useful.

SFPD CCW application process, timeline, breakdowns and rants

I went through a CCW permit process with SFPD some time late last year. Here is the timeline and some notes. AMA.

TLDR:

After 95 days, \$960 and 22 hours of actual time spent I got my CCW card in hand in SF. Not the worst but could be half the cost and 25% less actual time if they got rid of the psych eval for most people or allowed to do the psych eval and firearm training right away. Definitely worth doing now if you have the money and can spend the time, the barrier to entry is not that high any more and it's not as tedious as, say, LA insane timelines or SJ 9x fees.

Timeline

Day 1: Application submitted, application fee \$144. Very reasonable IMO.

Day 5 (4 days later): Got a call from SFPD and scheduled my appointment for an interview.

Day 9 (4 days later): Interview and Livescan. Livescan was done on site at SFPD, the cost was included in the initial fee. Took about 45 minutes in total.

Day 11 (2 days later): All my 3 references got a call.

Day 33 (24 days later): SFPD email asking for a psych evaluation, immediately scheduled the psych eval test from LEPS, fee \$417.

Day 39 (6 days later): Online test proctored over Zoom. About 400 multiple choice questions, very similar to MPPI plus work history questionnaire. Nothing interesting, completed in about 3h.

Day 39 (Same day): Later in the day got an email asking for an online psych interview, immediately scheduled.

Day 44 (5 days later): Psych eval interview over Zoom. Lasted all of 10 minutes, the interviewer just seemed to have gone through a checklist, he didn't have any questions about my test answers. Promised to submit the results directly to SFPD within 5 work days.

Day 52 (8 days later): Wrote an email asking whether SFPD have received the psych certificate. They indeed have had received it, the case was waiting for the unit supervisor's approval.

Day 53 (1 day later): Got an email requesting firearm training. Signed up for an online class with AAO same day.

Day 55 (2 days later): Completed the online portion of the class over 2 days and about 10 hours of continuous time. The website is a little buggy, but nothing beats an ability to complete it on your own time and not having to drive for an hour both ways. The fee was \$199.

Day 57 (2 days later): Live fire portion completed, fee \$200.

Day 59 (2 days later): Got the certificate over email and submitted it to SFPD.

Day 86 (27 days later): Got an email notification that permit has been issued.

Day 87 (1 day later): Permit issue date on card.

Day 95 (8 days later): Card received via USPS.

Money spent

Application Fee	\$144
Psych Evaluation	\$417
Online Firearm Class	\$199
Live Fire Class	\$200
Total	960

Total Time Spent (Active)

SFPD Interview	40 min
Online Psych Test	3 hours
Psych Interview	10 minutes
Online Firearm Class	10 hours
Live Firearm Class	8 hours
Total	21 hours 55 minutes

Rant:

The SFPD officer I interacted with was very polite, responsive and punctual. Overall the process is mostly reasonable, straightforward and not totally dragged out, except for several things:

- Requiring everyone to pass a LEO-level employment psych eval. This is a total overkill: if you don't have a history of mental issues and the SFPD officer interviewing you doesn't notice anything out of the ordinary this is completely unreasonable and a huge waste of time and money. Without that dumb detour the time required would decrease 30% and the expense would be cut almost in half. The time-to-permit would also be improved by 2-4 weeks.

- The psych eval cost itself is absolutely extortionate: there is one non-qualified proctor probably making \$20/hour monitoring 12 of you and then a 10 minute 1-on-1 conversation with a qualified person. How is this \$417 and not \$50? SFPD allows for only 2 approved vendors, and their cost is exactly the same as well - aren't they supposed to charge "an actual cost"? A firearm class is 16 hours and can be found cheaper. I definitely sense cause for a lawsuit here.

- SFPD explicitly forbids to do the psych eval or firearm training before they clear you for the first and the second, in order. I don't understand the policy. If one is not worried about their background, why not allow them to get on with it? The whole process would have taken me 4-6 weeks, at most. Moreover, if I could just submit the certificates at the initial interview, I'd be done within 2-3 weeks with way less administrative hassle on the SFPD side as well. I honestly don't get it.

- A month-long wait after the firearm training certificate submission. By that point I've been already vetted by everyone, including the police chief: I was told that this happens after the initial interview, SFPD won't let you to proceed to psych eval if they find a reason to not issue you a permit. My case has been looked at from all possible angles. Issuing the permit at this point should be all but a formality and should not take more than a couple of days. Definitely not a month.

Other notes:

Make sure you choose the guns that go on your permit wisely: SFPD doesn't accept applications to modify listed guns right now (might change soon), so you are stuck with whatever you've chosen until you renew in 2 years. It goes without saying that one should try to put 3 handguns on your permit - what happens if one of them is out of commission or you want to sell it for whatever reason?

The caliber situation is unclear. There used to be a limitation on the calibers you could carry (<https://www.sanfranciscopolice.org/sites/default/files/2023-04/SFPDCCWTrainingStandardForm20230403.pdf>), but I can't find any mention of this limitation in any of the current documents.

I can definitely recommend AAO (<https://aao-co.com/>) for the firearm training class. You can take the classroom portion online, so you only need to come to the range once for 8 hours. The instructors were all professional, courteous and very nice. I'm not a new shooter and easily passed the qual, but the senior instructor spent some 1-1 time with me to show how I can be better - I really appreciated that. And you get to take shoot in the middle of a vineyard!

Instead of the completely wasteful psych eval I'd lengthen the live fire portion of firearm training. There were 15 "cadets" including me, 3 people adding new guns to their permit and one guy re-qualifying. If I were honestly evaluating everyone, no one but me would have passed:

- Most people had no idea how to safely holster or draw their firearms from concealment.
- Every single target but mine looked like they were shot with shotguns.
- Several people had no clue how to properly grip their handgun.
- Several people had no idea about the manual of their firearms. I was explaining basic handling to both my neighbors on the firing line.
- The 4 basic rules were broken several times.

There were 3 very competent instructors, but there was no way they could teach everyone all the required skills in the 8 hours we had at the range. I'm legitimately scared that my fellow course attendees will be carrying now.

The other idea is to add a requirement for the CCW instructor to evaluate the psych state and mental abilities of cadets. They are spending 2 straight days with you, that is plenty of time to get a sense if you are relatively safe and competent. An instructor should just notify the PD if something looks off - and that should trigger a psych eval. But, I guess, none of the people making these decisions care even a little bit.

CCW OC Timeline - 12/2025

Hello All,

Just sharing my experience with Orange County CCW Process. I was really curious in my journey and hopefully this can shed some light on the current state of CCW licensing in OC.

08/06/25 - Application submitted for an interview with OCSD, originally scheduled for 02/03/26

11/18/25 - Interview date was moved up (without my knowledge or conversation) to 12/11/25

12/08/25 - Competed Livescan , (i literally have nothing of interest, not even a speeding ticket in the past 15 years)

12/11/25 - Interview was pretty basic, in person, just reviewing my answers to the questionnaire

12/11/25 - Started my training courses with Evans Gun world, Erik and Erica were amazing and very down to earth course instructor. Kudos and I implore everyone to use them.

12/20/25 - Completed the coursework and the fire qualifications , uploaded completed paperwork same day.

12/23/25 - Application approved and paid the fee

12/26/25 - CCW License received

122 days from initial application, 15 days from interview to card in hand.

OCSD CCW Timeline

9/15/2025 applied online and set appointment for 12/24/2025

11/21/2025 got an email regarding moving interview to 12/8/2025.

11/22/2025 live scan

12/8/2025 interview happened and found out I only have 20 days to complete training 😊

12/20-12/21 CCW training with Artemis in Lake Forest. Highly recommended.

12/22/2025 7am uploaded certificate. 9am status update to move to review. 2pm got email approval and paid the fee.

Seems like OCSD is moving pretty fast.

LASD CCW TIMELINE

Alright, I know a lot of people post the timelines. I search on here to see if anyone is similar to mine in hopes I can get an idea of where I stand. Well I finally got the call for final payment and to schedule pickup

Applied: 9/10/2024

Original interview date: 10/6/2025

Live scan: 7/15/25

Interview rescheduled: 7/22/25

Training completed and files uploaded: 9/28/2025

Approval text, email and phone call: 12/20/25

Pickup date: 12/30/25

Did training with medic up consulting (came highly recommended through here)

Long process. Finally happy to be at the end of it.

CCW TIMELINE Los Angeles Police Department.

Note that I was given an interview date for the end of August but due to family matters I had to postpone it until November. So I could have had my permit a few months sooner. Still long AF wait regardless.

Requested interview 1/4/24 \$53 fee

LAPD called to schedule interview. July 2025. Don't remember the date.

Live Scan done 9/12/25. \$125 approximately

CCW class initial 11/8/25. \$475 total for both classes.

CCW class firing range 11/14/25. Fees included with CCW Class charge. Paid \$50 for 9mm ammo.

LAPD interview 11/25/25

LAPD called my references 12/8/25

Approved by Chief 12/18/25

Paid final permit fees. 12/18/25 \$223

Waiting for permit to be mailed as of today.

Interview was very brief and comfortable.

It was tedious but not hard thanks to this sub, the stickies, and the helpful souls that shared their process.

Riv. County CCW Timeline With Prior Convictions

Just a timeline for ccw in riverside county county

Application: Nov 3rd

Livescan: Nov 4th

16hr course /qualifications muulti state: Nov 17th

In Person Interview: Dec 5th

Picked up permit: Dec 11th

Painless quick process, quick. Making tbis post as there may be other people like me me wanting to apply but hesitant due prior arrest. For reference I had (Felony) grand theft which was dropped to a (Misdemeanor) in 2011 and (Felony) resisting arrest assault on peace officer which was also dropped to a (Misdemeanor) in 2012. Thought these would inhibit me from obtaining a ccw so put it off for years. Had record expunged which after meaning with my invesgigator made no difference aside from applying for work. When I met with my investigator. It ALL obviously popped up on the livescan. Explained the situations to him dates location etc. Needless to say I was approved.. so if you curious or hesitant as I was dont be. APPLY

Hope This Helps Someone Like Me Who Has Been Hesitant About Applying Due To A Record

Sacramento CCW Timeline

Thought I'd drop by and post my CCW timeline, fees and process for Sacramento County.

10/15; Initial application \$302.97

11/12; Interview with Sheriff department, basically went over your application. Be truthful and don't forget anything like I did. I forgot to put I was stopped for blue headlights 2 years ago and the person interviewing me was grilling me for any "detainment" by law enforcement. (30 mins)

11/14; Live fingerprint scanning (20 mins) \$137.50

12/6; Day 1 of the 16-hour course with Martin Mapa with AIMS Firearms Training in Elk Grove. Awesome instructor and true advocate for gun safety. We went over safety, rules and guidelines for CCW.

12/7; Day 2, outdoor range for shooting qualifications and holster safety. This is where I give big thumbs up to Martin. He went to each individual to make sure we were handling the gun safely out of holsters and fix any errors we had. Martin will take you out of your comfort zone and will push you to do better and correct your mistakes. We had some spare time, so we did move and shooting drills and ducking behind cover which was quite fun and educational. Shooting qualifications were straight forward and simple. I will definitely be back to progress my shooting skills! Submitted the certifications right after class. \$300+\$20 range fee

12/8; Received email that my CCW permit was ready for pick up the next day. \$297.80

12/9; Picked up CCW.

Total Cost: \$1,058.27 (this cost is before ammo, holsters, and belt)

All in all I think I got really lucky with my timeline and was able to finish within 2 months. Would've been sooner if my carry had arrived sooner but was stuck for 3 weeks due to some online computer error from Turner's side. Big shoutout to Martin at AIMS for the CCW course as it was quite helpful and the drills we did were really educational and fun!

LAPD CCW Timeline and Cost

Here is a breakdown of the total time it took for me to obtain my CCW license along with the associated costs.

- 09/25/2024: Applied for CCW by sending an email to LAPD. I was told the current wait is over 1 year.
- 09/30/2025: Received an email instructing me to complete the application and schedule an interview. I schedule the interview for 10/10/2025 (\$60)
- 10/09/2025: Did livescan at UPS (~\$150)
- 10/10/2025: Went for interview at provided LAPD station.

•11/15/2025: Signed up for firearms training. I would have done it sooner but I was getting my CZ ported and coated which took 4 weeks hence the delay in signing up. (\$350)

•12/07/2025: Completed firearms training.

•12/08/2025: Got an email that my permit is approved and to pay the final fee. (\$220)

Overall time took about 1 year and costed me ~\$780.

UPDATE 12/19/2025: Received my permit in the mail!

Kern County CCW Approved. Timeline below

7/23 Application submitted

8/12 In-Person Interview conducted

Total cost: \$1,043.63 Total time: 582 days, with the caveat that I gave myself extra time to train with my guns after given the ok to find a CCW course after the Psych eval.

Riverside CCW renewal timeline

I know I like to be able to search for this information, so:

Renewal application submitted: 8/6/25

Uploaded training/qualification: 9/6/25

Notice of approval: 11/24/25

So about 3.5 months. I submitted my renewal application, uploaded my training certification, then just received my approval out of the blue. This was my first renewal so I wasn't sure if there would be any phone interview or anything else, but there wasn't.

I was also wondering if any of the new requirements that have taken effect since I was first approved might come into play (references, mental eval?) - but nope. Simple and easy. It's frustrating to sit around for 3 months wondering if you're really being processed or if your app got stuck in a black hole somewhere. But RSO CCW comes through again! Really glad I live in this county.

But for all you out of state applicants: RSO is slow and terrible, you should definitely apply to some other county up north. ;)

Sonoma County CCW Timeline

Just sharing my experience with the CCW process for Sonoma county and finally getting it issued (kinda lol still gotta go pick it up on 12/3/25 but here's my time timeline for the entire process with fees included)

5/13/25 - Application submitted to Sonoma County Sheriffs Office (\$250.29)

9/8/25 - Sheriffs office called to schedule interview

9/11/25 - Interview with Sheriffs office including live scan and background check

9/19/25 - Approved to taking 16 hour course 10/12/25-10/13/25 CCW course with Titan Protective (\$400)

11/17/25 - Permit issued, paid final fee and made appointment with sheriffs office for 12/3/25 to pick up permit (\$696.13)

CCW - Approved - LAPD

Timeline: 09/05/24 - Joined waitlist via email / 09/24/25 - Got email from Permitium / 09/25/25 - Application submitted / 10/10/25 - Interview Date with LAPD / 11/15/25 - Took 2 days CCW course / 11/18/25 - Uploaded CCW cert and Shooting proficiency to portal / 11/19/25 - Got CCW approval email /

Email said license will be mailed out but no tracking or estimated delivery date.

Could have cut some time but earliest availability for my preferred CCW course was 11/15.

Livescan was done a day before my interview date and during interview I was told I should be good to take the class.

Also signed up with Firearms Legal Protection.

LAPD CCW TIMELINE -NOVEMBER 2025

i recently got my final approval and currently waiting for my Card to arrive , here is a little breakdown of the process in my case .

-6/8/24 i submit my LAPD APPLICATION

-7/10/25 sent a email to LAPD CCW unit to check status of my application and i was told that there are roughly 200 people ahead of me

-9/8/25 Received a phone call from 213 number confirming that i own a firearm already and to proceed with a link sent to my email to create an account on Lapd permitium . (keep in mind that i disable all my phone spam blocker just to get the call from LAPD & had to deal with the daily spam calls for a year .

-9/10/25 i printed the background check form from permitium and proceeded with background check CA,FBI, FIRE (Cost \$150)

-9/24/25 interview date that was given to me at 1 pm at Northridge division

-9/23/25 Received an email with interview location change to san fernando station near Glendale Ca

-9/24/25 arrived at the station around 12 and there were already 7 people ahead of me , at 1:30 Pm i got called to room full of Detectives to do my interview Detective went over my application and told me that my background result is not in yet but he did mention that he appetite that i mentioned everything about me and my background in my application. speeding tickets / AREST Report from 15 years go which was in result of fighting but case went from felony to misdemeanor and no weapon was used (Fist Fight). and 2 vehicle accidents

-9/28/25 my application on permitium went from interview to pending background check result pending

-10/20/25 my background check result finally came in and my permitium changed from pending background check to Review

-10/24/25 Received an email saying do not proceed with training till further notice

-10/28/25 Application process on premitium changed from background check review to supervisor review

-10/30/25 changed from supervisor review to detective evaluation

-11/2/25 changed from detective evaluation to Chief review

-11/3/25 changed from Chief review to Firearm Training submissions pending

-11/4/25 Received an email that i could proceed with Firearm traning

-11/6/25 started my 16 hour training at Cobra tactical in santa clarita

-11/10/25 i completed my training and uploaded my training certificate on permitium site

-11/14/25 Permitium changed from firearm training submission to firearm training Issuance

-11/17/25 received a CALL which i missed and email saying congratulations i got approval on my permit and to make the final payment

-11/17/25 made the final payment of \$222.39 on permitium site

-11/18/25 permitium changed to Permit approved

1-11/18/25 Received an email indicating my CCW CARD will be Mailed to the address in my application and as of now i don't need to contact LAPD for card pickup and this may take 4-8 weeks .

overall this was very very long process and somewhat stressful since i did have some stuff in my background. on my interview day i told The detective everything i could remember about my background and story behind it . just make sure you come clean and don't hide anything since your background will eventually show everything.

the total days before receiving my card roughly 520 days ,almost 1.5 year

LAPD CCW TIMES IMPROVEMENT

Just wanted to post my experience so far. I know plenty of people are looking for timelines on getting their own CCW. I know I sure was. Made this damn account just to contribute lol.

TL;DR - 8 Months from Waitlist to Application. Chose the first available interview date for 2 months later. 10 months total from waitlist to interview date isn't bad.

I never applied because I knew the timelines were so horrible. But once I knew that LAPD was moving to Permitium, I figured I'd give it a shot.

I e-mailed in March of 2025 to get on the list and completely forgot about it.

I remembered in April and saw I never got a confirmation e-mail. So I e-mailed to verify. Got an answer the next day that yes I was on the list and they're just really busy.

I received my "go-ahead" and link to fill out the Application a few days ago. So for me, from waitlist to application was about 8 months.

I was also able to select an interview date in January. So less than a year total for waitlist to interview isn't bad. Especially since I've seen some people who got on the list 2-3 years ago just get their application dates a few months ago lol.

Get at it boys and girls.

RivCo CCW modification timeline

Submitted modification application September 12th, 2025. Submitted all documents same day on the 12th. Just received call today November 6th of modification approval.

My CCW timeline (Alameda County, Newark)

6/7/2025 - Submitted initial application

7/31/2025 - Interview with PD (rescheduled once due to issue on my end). Request for Psych evaluation was sent out later in the same day.

9/11/2025 - Completed Psych evaluation

9/24/2025 - Passed Psych evaluation. Received an email with instructions to enroll in CCW training

10/14/2025 - Completed training and uploaded Cert of Completion to Permitium

10/15/2025 - Application advanced to "Pending LT review"

10/22/2025 - Application advanced to "Pending Captain review"

10/23/2025 - Application advanced to "Pending Chief review"

11/12/2025 - Application approved and permit issued. Scheduled pickup date to the following day.

11/13/2025 - Picked up permit in person.

Applied through Newark PD.

Curious if there's anyone else applying through Newark and where in the process they are at.

Non-Resident CCW Process: Orange County Edition - Full Timeline and Cost Breakdown

Received my Non-Resident CCW in the mail today from OCSD as a Florida resident. Filled out the application the day after the policy was announced and initial online kinks were worked out. Full disclosure: I was a previous CCW holder with OCSD while I was a CA resident, but Uncle Sam took me out of the state and turned me into Florida Man. This is possibly why my Non-Resident CCW license number is the same as my old CA Resident one, and I ended up paying the Renewal rate as opposed to a brand-new out-of-state initial applicant. Application was filled out via the CCW Pro website, fingerprinting was done by my local sheriff's department. Interview was done via Zoom call, authorized trainers list was given right after interview, classroom training was completed online via Ten-8 Tactical, and shooting qual was done at my local range. Shooting qual consisted of a safe loading/unloading demo followed by 8 shots each at 3, 5, and 7 yards on a B-27 target. Had a few delays on my own part, due to work and misplacing my physical CRPA Membership card and getting it replaced. I had initially sent in screenshots of my active membership page on the CRPA website and had no issue, but OCSD clarified just before final approval, saying they wanted pics of the physical card. Full timeline is as follows:

- **23APR25:** Application filled
- **20MAY25:** Application signed and submitted
- **27MAY25:** Interview date set for 19NOV25
- **28AUG25:** Interview auto-rescheduled to 02OCT25
- **22SEP25:** Mailed off fingerprint cards and \$93 money order for the Live Scan Fee
- **02OCT25:** Interview complete, cleared for classroom training and shooting qual.
- **16OCT25:** Online training complete, e-mailed OCSD and uploaded to CCW Pro
- **23OCT25:** Shooting qual complete, emailed OCSD and uploaded to CCW Pro. OCSD emails response asking for picture of my physical CRPA Membership Card to finish all the paperwork, I can't find the damn thing and I call up CRPA for a replacement.
- **27OCT25:** CRPA card arrives, I send and upload pictures right away.
- **28OCT25:** CCW final approval e-mail comes in, \$169 payment made via credit card on CCW Pro.
- **29OCT25:** E-mail notification saying CCW permit is mailed off and on its way, says 3-7 business days for arrival.
- **03NOV25:** CCW arrives in mailbox.

Full cost breakdown:

- Live Scan Fee: \$93 (paid via money order)
- Fingerprint fee from local FL sheriff's department: \$10 (cash only)
- Online CCW class from Ten-8 Tactical: \$175
- Shooting Qual Fee at my local range: \$26.83
- Ammo Cost: \$6 for 50 rounds of 9mm

- License "Renewal" Fee: \$163 + \$6 credit card fee = \$169. (Previous OC resident CCW holder.)
- **TOTAL: \$479.83**

Overall, I had a great experience with the folks at OCSD. Despite being as swamped as they are, everyone was super professional and friendly. Happy to answer any questions!

Oc ccw and ffl03 current timeline

Ccw for OC was easier than expected i put it off thinking it was going to be a hard and an interrogating process having a misdemeanor for assault and battery from years ago, for those thinking similar, it was pretty easy applied 06-06-25 interviewed 10-22 finished training at artemis afterwards and received ccw 10-31 highly recommend artemis the co owner/ instructor is a lawyer so very informative Ffl03 was even easier applied 10-04-25 received permit on 10-27 just waiting on coe idk if gov shutdown is affecting that

San Diego CCW renewal timeline

9/21 8-hr renewal class

9/21 documents uploaded

10/22 payment requested and paid

10/28 received email that card has been mailed

LAPD CCW Timeline and Cost (Oct 2025)

Now that I am reaching the end of the process, it's time for my obligatory share of my experience with the CCW process for LAPD. I'll provide a timestamp for each of the steps and a tiny bit of color commentary:

- **2/14/24** - Emailed CCW Request to LAPD

Elapsed: 1 Year, 5 Months, 2 Days

- **7/16/25** - Missed phone call from LAPD. Per instructions, sent an email that I am still interested
- **7/20/25** - Phone Call w/ LAPD. Five minutes. Straightforward. Same questions as the application.
- **7/21/25** - Submitted application and uploaded documents to web portal. Used CA REAL ID and gave LADWP bill as proof of residence.
 - *Application Fee: \$60.21*
- **7/21/25** - Received email that my Detective Appointment has been scheduled for 8/22/25**. ** Ugh.
- **7/23/25** - Received email that there are earlier appointments available. Rescheduled for 7/28/25**. ** Yay!
- **7/25/25** - Live Scan Appointment
 - *Live Scan: \$143.00*
- **7/28/25** - Detective Interview. Five minutes. Long drive for me during the middle of the work day. Received a follow up email the same day telling me to book my training course.

I dragged my feet for two months because of personal travel. This "wasted" time was well within my control to minimize.

- **9/28/25** - Completed CCW 16hr Training Course. Positive experience with MedicUp Consulting. Uploaded the certification to the LAPD web portal.
 - *Training Cost - \$395.98*
- **10/8/25** - Received email with approval from Chief of Police
- **10/9/25** - Received email that my permit has been issued and pickup scheduled for 11/12/25
- **10/23/25** - Received email that once final payment is received, CCW License will be mailed to my residence.
 - *\$222.39 - Final Payment*

Now I am going to wait to see if this thing shows up in the mail. If it hasn't by 11/12, then I will go to the LAPD for my appointment date.

Total Time: 1 Year, 8 Months, 9 Days (617 Days)

Total Cost: \$821.58 (excludes gas, ammo, and firearms)

SD County CCW Timeline

6/25/25 - Sent in application, scheduled for 2/23/26

6/25/25 - Rescheduled from 2/23/26 to 6/30/25 @ 9AM

6/30/35 - Rescheduled from 6/30/25 @ 9AM to 6/30/25 @ 3PM because Jury Duty :)

300x Focchi 9mm FMJ 115Gr (Practice and qualification) \$88.88

P365 (Excluding mods done) \$665.36

Guerilla Tactical Holster \$99.50

= \$1621.74

Just application + live scan + issuance + 16 course = \$768

Time from submitting application to appointment = 5 Days

Time from appointment to references called = 59 Days

Time from references called to application approved = 6 days

Time from submitting qualification certificate and issuance letter to permit in hand = 23 days

Whole process = 119 days

San Bernardino CCW timeline (4 months)

6/2/25 - Completed application on Permitium

6/18/25 - Background appointment. Informed of old traffic ticket. Hired lawyer & had it dismissed.

8/26/25 - Background completed

8/28/25 - Signed up for online CCW class

9/14/25 - Completed online class

9/28/25 - Completed range test

10/3/25 - Permit approved

10/10/25 - Received permit in mail

Took roughly four months. Had I not had the ticket to resolve, it would have been issued two months sooner. Total cost was \$956, including \$300 for the attorney to resolve the ticket. I also did my AZ CCW during this time. That took less than one month and cost \$140.

I have to say, overall it went pretty quick. The people in the CCW office were pleasant to deal with. Although I ended up doing an online class because that was most convenient, SBSD offers an in person class that's under 200 bucks. I did the range qualification at Riverside Indoor Shooting Range, mainly because I have a membership there. Prior to this I lived in LA County, and that would have taken years. Glad I did it, and glad I can carry in my home state now.

If you're in San Bernardino and thinking of doing it, go ahead.

LAPD CCW Timeline at 21 - 569 Days

Welp, after almost 19 months, I've finally obtained my CCW. LAPD was kind enough to let me get on the waitlist when I was 20.

Everyone I dealt with in the department was super kind and seemed eager to get the permit in my hands. The "interview" was very laid back. Of the five minutes I was there, the detective spent most of it talking about my job. She asked me so many questions about it - how I liked it, what the pay and benefits were like, and how flexible they were with hours, since I'm a college student. I work at In-N-Out, lol.

On the pickup day, there was a line around 4:15 PM, but it moved quickly. The detective who gave me my card was super chill and said I'm most likely the youngest LAPD CCW holder at the moment. He and a couple other officers told me congratulations as I walked out.

Timeline:

- 03/18/24 Called LAPD CCW dept and left a voicemail
- 03/21/24 Placed on waitlist, told 9-12 month wait
- 11/XX/24 Turned 21 (yippee!)
- 07/23/25 Appt date given by LAPD on the phone
- 07/25/25 Application submitted via Permitium (\$60.21)
- 07/26/25 Livescan completed with A1 Livescan in Northridge (\$120)
- 07/26/25 Livescan CA and FBI cleared
- 07/29/25 Livescan Firearms cleared
- 08/05/25 Interview with LAPD at the Northeast Station
- 08/22/25 References called (only three of the five)
- 08/23-24/25 16hr training with Nationwide CCW (\$360)
- 08/24/25 Training certificate uploaded to Permitium
- 08/26/25 Status changed to "pending background"
- 09/03/25 Status changed to "pending supervisor review"
- 09/03/25 Status changed to "pending background" ???
- 09/08/25 Status changed to "pending supervisor review"
- 09/09/25 Status changed to "pending captain review"
- 09/11/25 Status changed to "pending commander/chief review"
- 09/16/25 CCW Approved!
- 09/25/25 Final payment made in Permitium (\$222.29)
- 10/08/25 CCW card picked up at LAPD HQ

Total: \$762.60 with Permitium fees. Total excluding gas, ammo, parking, food, etc.

I should've picked up my card on September 10th, but for some reason, my application got mixed up with someone else's and somehow his information ended up on my application. What screwed it up the most was changing my application to say I'm married (I'm not). Of course, you're supposed to put your spouse down as a reference if you're married, which caused my application to keep bouncing back and forth between "pending background" and "pending supervisor review" for about two weeks. Early in the morning on 9/8, a very nice detective called me and asked why I didn't list my wife on my application. I was very confused. I said I wasn't married, and she corrected it. She told me that my record is squeaky clean and that I'll have no issue getting approved, BUT... I wouldn't be able to make the 9/10 pickup date; I would have to wait until 10/8. I was really annoyed because I made friends

with a couple of guys in my CCW class, and they got their approvals the week before and were able to pick up on the 10th :/

Sac County CCW Timeline 2025

Timeline of my experience getting CCW in Sac County:

- **June 16, 2025:** Initial application. Paid **\$55** then, it has now jumped up to **\$288**
- **September 8, 2025:** Interview with Sheriff's office, interview lasted about 20-30 mins and was cleared about 45 minutes or so after that. Did LiveScan 2 days after interview. LiveScan cost was roughly **\$140**
- **September 15, 2025:** Received LiveScan clearance and registered for CCW Course. Paid **\$300**
- **October 5, 2025:** Submitted course completion certificate and instructor credentials to Permitium
- **October 6, 2025:** Cleared all documents and received green light for pick up. Paid **\$190** for finalizing fee.
- **October 7, 2025:** Stare at CCW and cry

Wishing everyone the best of luck with their process!

LAPD CCW Renewal Timeline

Was wondering if anyone here has gone through the LAPD CCW renewal process lately? How long did it take them to get back to you when you sent out the initial email? How about the whole process itself?

Earlier this year, i had noticed the website said you should contact them 90 days before your permit expires. But a few weeks ago when i checked the site, it said to contact them 60 days prior, and now they have appeared to have revised it back to 90 days, which is a bit strange.

It's been crickets for me since i sent out the email, so I'm wondering how long this will take.

 - 9/19 - Live fire Qual (passed with flying colors) - \$75
 - 9/19 - Submitted scores to online Application via Permitium
 - 9/22 - completed application assigned to processor/processing
 - 9/23 - Received email stating that my application is complete/approved and permit has been issued. Proceeded to pay remaining balance of \$81 and some change (lovely card processing fee included)
- \$500~ dollars in not including my new holster/mag carrier and belt setup.
- Tenicor Velo Lux - \$125 • Tenicor ABDO mag carrier - \$50 • Mastermind Tactics Specialist belt - \$33
 - Mastemind Tactics "Pillow" - \$24
 - Complete total - \$732~

SD CCW Timeline (Jun-Sep 2025)

6/5 - Application submitted. Appointment scheduled for late July 2025

6/7 - Found earlier appointment; rescheduled for 6/16

6/16 - (D0) Appointment w/ photos and fingerprints taken. Livescan ATI# noted. Later in the day, FBI and CA background checks cleared/complete. CCW Pro portal changed to "Appointment Complete"

6/19 - (D3) CA DOJ Firearms Eligibility Check cleared/complete

8/16 - (D61) References called (on a Saturday). CCW Pro portal changed to "Background in progress"

8/23 - (D68) CCW Approved email received. CCW Pro portal changed to "Approved"

8/31 - Completed 16-hour course. Qualification certificate + issuance letter scanned and uploaded to CCW Pro

9/1 - Emailed SDSO Licensing

9/3 - Replied with added to issuance queue

9/6 - CA DOJ system down. License not issued. Sub-100-day mission failed :(

9/13 - License issued. CCW Pro portal changed to "Permit Delivered"

9/16 - License mailed

9/17 - License received

Total turnaround time: 104 days Appointment wait: 11 days Background wait: 68 days Issuance wait: 17 days

CCW Renewal Timeline - Riverside County (39 Days)

8/7/25 - Submitted required docs and training cert (\$85.26+\$175 for training)

8/22/25 - Permit expired. oof

9/4/25 - Called the permit office to check on my app and see if they had what they needed, and the deputy I spoke to pulled it from the stack to review it and said he would get back to me.

9/11/25 - Said deputy called me and said that he confirmed my app was complete and that he submitted it for approval the day prior.

9/15/25 - Got a call that the permit was approved and ready for pickup. (Might have a small fee at pickup, but idk)

A few things to note.

1. TAKE YOUR TRAINING FIRST. RivCo will let you submit your training with your initial application and this will speed things up by a few weeks since they won't have to request it and then get back to it later.
2. Wait a few weeks and call to check on your permit, it goes in the stack with new apps and SB2 really slowed down the process. Since it was a renewal and my application was complete, he assigned it to himself and moved up the processing. My friend submitted a month prior and it was just approved today.
3. RivCo is up to ~60K permits now and they are swamped between the renewals, non-res applications, and some recent departures in the Palm Desert office that need to be filled. They will let you start the process 6 months prior to get ahead of it, so don't be a dumbass like me and do it 3 weeks before it expires.

Riverside County Sheriff CCW Timeline: 26 Days Total

8/15 submitted online application

8/16 Livescan

8/18-8/19 completed online initial CCW 16 hr course

8/27 CCW Interview (took less than 5 minutes, lol!)

8/28 Live Fire Qualification @ RISR & 3 references called

9/10 Received call, text, email that my permit was issued. Paid permit fee, and drove to Ben Clark to pick up card same day.

Total: 26 days

** FYI: RSO advised advised to start renewal 6 months ahead. They currently have 50k applications to go through plus they also process non-CA resident applications **

Santa Clara CCW Received

Hey folks, just picked up my CCW from Santa Clara County and thought I'd post a breakdown of the timeline & costs:

Application submitted: 12/17/24, initial interview date: 12/9/25 - **\$345**

(was able to reschedule the interview sooner, I checked every other day)

Initial interview: 4/8/25, was told that the expected wait would be about 30 days

Follow-up email sent to office: 6/10/25: *received response same-day saying I should receive an email soon*

Psych Testing Email: 6/11/25 - **\$415**

Psych Test Pt. 1 (written test): 7/2/25

Psych Test Pt. 2 (interview): 7/14/25

References Contacted: 7/18/25- 8/8/25 - *Two of my references talked w/ the department that week, the third didn't pick up at all, and I had to provide a new reference. The new reference was able to get through to the department and talk on 8/8/25.*

Livescan Go-ahead Email: 7/22/25

Livescan Appointment: 7/24/25 - **\$113** - *FBI / DOJ cleared 7/24, Firearms cleared 7/26*

Training Email: 7/29/25, *scheduled for 8/30 with Saber Tactics* - **\$399**

Training Class: 8/30/25, 8 AM - 12 PM, *Los Altos R&G club*

Training Certs Received & Uploaded: 9/2/25, *proficiency form printed, signed, and scanned*

Pickup Scheduling Email: 9/4/25, appt. scheduled for 9/12

Pickup: 9/12/25, received permit in hand

Total Cost: \$1,272

Time from Initial App: 269 days (8 mo, 29 days)

Time from Interview: 157 days (5 mo, 7 days)

Takeaways

- The process seems to have sped up a lot now compared to a year or two ago - most of the initial glut of applications seem to have been processed
- The biggest bottleneck is the initial interview - almost 41% of the "wait" for the permit was just the first three-ish months that I was waiting for my initial interview
- The department is pretty responsive to emails and phone calls; if things go past the expected time line (e.g. my psych eval was a month late), contact them and they will be pretty helpful.
 - The psych eval delay seems to be more on the side of LEPS than the various IAs - they have very limited slots for both the initial test & the live interview
- All the interactions I had with the department were very pleasant and professional
 - The officer I interacted with during both the interview and pickup was quite happy about the whole thing, and congratulated me on legally exercising my right
- After the psych eval, everything else went pretty quick
 - I waited 7 days after the psych eval to get the Livescan email
 - I got the training email 7 days after the Livescan email
 - I was "approved" 2 days after submitting my training cert
 - I picked up 8 days after approval
- I strongly recommend Saber Tactics for training
 - Being able to do 12 of the 16 hours online is super convenient
 - The instruction about drawing from concealment at the range was great
 - The whole qualification process is super well organized
 - The instructors are great guys and were more than willing to stay and answer questions
- Santa Clara Qual is harder than San Mateo, but still really easy

Just got my ccw approved LA County

LAPD CCW TIMELINE

11/17/2023: Emailed LAPD

11/23/2023: LAPD placed me on waiting list

5/23/2025: Received LAPD permitium email, I uploaded all required documents and first available appointment was August 11. I rescheduled 2x and got an appointment June 2nd. LAPD states this when you reschedule your interview date. "Rescheduling your appointment more than 3 times may result in the WITHDRAWAL of your application."

6/2/2025: In person interview, verbally given go ahead to take CCW class

6/4/2025: Live scan completed \$131

6/22/2025 CCW class completed and documents uploaded in the evening. Paid \$67.45 permitium, CCW class \$420

6/26/2025: Received email stating live scan must be completed.

6/27/2025: Emailed LAPD CCW my livescan and picture of the background check status.

7/2/2025: Permitium status "Pending references interview".I made a mistake and put my home phone number instead of my brothers number. So the first time they called home, I gave the officer his number. Told them to call after working hours which they didn't. They used a blocked or unknown number.

7/7/2025: Status changed to "Processing Order"

7/16/2025: Status changed to "Pending Supervisor Review"

7/21/2025: Status changed to "Pending Captain Review"

7/22/2026: Status changed to "Pending Commander/Chief Review"

7/24/2025: Status changed to "Pending Final Review"

7/30/2025: Received an email stating my CCW application has advanced and now I'm good to take the CCW class. Status also changed to "Pending Training Proof Submission"

7/30/2025: Re-uploaded my training Docs

8/4/2025: Emailed LAPD CCW regarding the documents, they gave me the investigators email the next day.

8/5/2025: Emailed the investigating officer that my documents have been uploaded and status changed to "pending training review"

8/20/2025: Status changed to "Pending Issuance". Received an email stating my firearms training was submitted. It's pending review and approval. They will notify when CCW license is ready for pick up. 4-8 weeks before your permit is ready for issuance.

9/3/2025: Status changed to "Permit Approved". Paid the final payment of 223.39.

9/10/2025: Permit Picked up.

Total Cost \$841.39 Days Waited 663 days

My CCW Timeline (Alameda County, CA)

I done did it boys. Picked up my permit this morning after 541 days.

March 2024

On March 17, 2024, I applied for my CCW with the Alameda County Sheriff's Office through Permitium at a cost of \$90.

May 2025

On May 9, 2025, I received the Live Scan form and completed the fingerprinting on May 12 for \$100.

On May 16, ACSO confirmed receipt of my Live Scan results but flagged that my driver's license in Permitium was expired. I updated the information, replied to their email, and received acknowledgment that an in-person interview would be scheduled soon.

On May 21, I received an interview scheduling request and replied within an hour; available dates were May 27–29 and the week of June 6. My interview was scheduled for May 28.

On May 28, Interviewed at ACSO Dublin office. All of my references were contacted. I was told to follow up after two months if no updates were received by then.

July 2025

On July 8, I received an email to schedule my psychological evaluation. I booked the first available date: August 7 at 9:45 AM, at a cost of \$419.97.

August 2025

On August 7, I attended the psychological evaluation. The exam included a short memory test (*Milk – Secluded – Before*) and questions about personality traits, cannabis history, use of force, and firearm use. Later that afternoon, ACSO cleared me to proceed with range qualification, which I scheduled with LEO Defensive Concepts for August 23–24 at a cost of \$425.

On August 23-24, I attended the LEO Defensive Concepts 16 hour CCW training in Livermore. I picked this training because they recommend IWB holsters for CCW. This was the only course I found that allowed IWB, all the others I found required OWB.

ACSO Qualification Requirements:

Applicants must complete a live-fire qualification consisting of two 5-shot groups fired at each distance: 2, 5, 7, 15, and 25 yards. Scoring is based on hits within the designated scoring zones, and a minimum passing score of 175 is required.

I passed with both of my firearms.

- P365x with EPS Carry scored 226/250 (90%)
- TWC9 with irons scored 224/250 (89%)
 - EPS didn't arrive in time for qual day.

I submitted my certification to Permitium and notified Claudia at 6:06 PM.

On August 25, I received an email from Claudia that my license was ready for pickup. I scheduled the first available calendly date on September 9.

September 2025

On September 5, I received an appointment/payment reminder from Claudia and, when I logged into Permitium, I was surprised to see another \$100 fee due. I paid the balance the same day.

On September 9, 2025, I picked up my CCW license.

TLDR

- 541 days from application to license
- Initial Permitium Application Fee: \$90.00
- Live Scan (Fingerprinting): ~\$100.00 (forgot to document actual cost)
- Psychological Evaluation: \$419.97
- Training & Range Qualification (LEO Defensive Concepts): \$425.00
- Permitium Final Balance: \$100.00

Total Cost: \$1,134.97

Riverside CCW Renewal Timeline – Start to Finish

Hey everyone! I wanted to share a quick breakdown of my CCW renewal process with the Riverside County Sheriff's Office, in case it helps anyone else going through it:

- **06/16/2025** – Submitted my CCW renewal application through the Riverside Sheriff's Office.
- **06/29/2025** – Completed the required 8-hour renewal course and qualification shoot at Riverside Indoor Shooting Range.
- **07/10/2025** – Uploaded my training certificate and qualification documents. I held off a bit because I had purchased a new pistol that I wanted added to my permit. After the 10-day waiting period, I re-qualified with the new firearm and submitted everything.
- **09/09/2025** – Received a call, text, and email confirming that my renewal was approved and ready for pickup!

I had been checking Permitium every few days throughout the process, and it consistently showed "Assigning to Processor" until the final approval.

Hope this helps anyone else navigating the process!

Contra Costa CCW experience

I am in the process of a Contra Costa CCW. Here's the timeline and experience for those wanting the most up-to-date situation:

August 20, 2025 Applied online

August 21, 2025 Electronic notification to get a live scan done within 30 days.

August 22, 2025 Live scan done at a local UPS

August 28, 2025 Electronic notification to schedule the interview in Martinez. I scheduled for earliest opening. -interviews every Wednesday with limited slots per website-

September 2, 2025 My references were all called at approximately 10am. They told me it was a short 5 minute phone call with verification of how long they have known me and other yes or no answers.

September 3, 2025 Interviewed in person for 5 minutes at 8:00am. Passed.

- Setting : 1 on 1 sitting on folding chairs while using a plastic foldable table for the interview with Deputy. He wore white dress shirt, black slacks, a tie, dress shoes. I wore the same. *others interviewing for CCW were more casual, wore street casual hoodie and shorts*
- Questions asked were rapid fire yes or no (but he would ask a quick question if you said yes to anything): "May I verify your ID?" "Is this address current?" "Ever applied for CCW out of state?" "Who do you live with? In a relationship?" "Ever been married?" "Ever done drugs? How long ago?" "History of alcoholism?" "Ever been in a car accident in last 5 years? Explain." "Road rage?" "Diagnosed with mental health in your past? Prescribed medications for anxiety, depression, etc?" "Do you have any restraining orders against you?" "Kids accessing your home regularly?" "History of domestic violence?" "Police called on you?" "You called police on neighbors?" "Ever been arrested?" "Have you visited anyone in Jail before?"

-Finishing up: I asked him about timeline and what's next. He said I shouldn't have to wait for an all-clear to go and take a CCW 16 hour course. He said based on my answers today, I passed. He said the backlog is no longer with the application process. Now the backlog is with the firearm shooting qualification hosted by the Sheriffs office. Currently backlogged till January 2026. In the meantime, he recommended to take a CCW course.

Interesting remarks:

- Deputy told me that the process is definitely faster. I asked how they made it faster. He simply said "they make us work harder." He remarked having done 1,000 applications by himself since December of 2024.
- Deputy was impressed how fast I was processed. He saw it had only been two weeks since my application started.
- Another guy I met at the building was coming to pickup his CCW card. Through small talk he told me has been waiting for this CCW card for two years. He is military and used military station orders or something like that.

I am sharing this to provide the most up to date Contra costa CCW info I have right now. I literally just left this interview 1 hour prior to posting here. Let me know if you have questions.

UPDATE to Reddit Post

September 4, 2025 Electronic Approval of CCW application; contingent on taking 16 hr CCW classes and passing shooting qualification.

Email says "Failure to complete your training 60 days from the date of receiving the request for training will result in the withdrawal of the CCW Application, as will inactivity on the application." And also says, "YOU MUST COMPLETE THE TRAINING FIRST AND UPLOAD THE PROOF OF TRAINING DOCUMENT AND THE TRAINING CERTIFICATE BEFORE SCHEDULING THE RANGE QUALIFICATION." (copied and pasted from the email. Yes, it was in all caps in the email.

September 8, 2025 Uploaded my completed CCW Class certificates and proof of training forms.

September 9, 2025 Received Electronic approval link to schedule shooting test with CCCSO. Signed up for nearest date available: December 20, 2025. *at time of writing, next nearest available date after Dec 20 was January 10.*

December 20, 2025 Passed the live fire shooting exam at the CoCo Sheriff's Marsh Creek Shooting Range. Drill was simple; 6 shots from 5 yards, 6 shots from 7 yards, and 6 shots from 10 yards. All timed. You fire from a static line. The actual shooting test takes less than 2 minutes. Most of the time spent was safety briefing and filling out a quick form about your weapon, address, etc. Bringing your own weapon, holster, PPE, drivers license, and ammunition is mandatory. Total time at the range: 30 minutes.

December 22, 2025 Received Email and voicemail confirmation of CCW application acceptance. Paid the final CCW application fee and picked the earliest available day for CCW permit pickup: December 31, 2025. Pickups are every Wednesday and Thursday per website.

December 23, 2025 SURPRISE!

Received an email stating the following, "Due to the extended wait time for permit pick-up appointments and holiday closures, as a courtesy I have decided to print your permit prior to your appointment. Your CCW card is ready for pick up. You may pick up today between 1:30pm-4:30pm, tomorrow between 8am-12pm, or Friday between 8am-4:30pm. Next week Monday-Friday we are open 8am-4:30pm. We will also be closing early on New Year's Eve but are open from 8am-12:30pm. We will be closed for Christmas and New Years Day. If you would like, you may also send someone to pick up your permit for you if that is easier so long as they can provide your name and a valid ID. If you have any questions you may respond to this email." Picked up my CCW permit card. Easy in and out. Walk in the front door with your Drivers license and the permit will be in in your hand within seconds. Like that, it's officially done!  Total time: 125 days from online application till pickup. August 20 to December 23, 2025.

GOOD LUCK to everyone interested in getting their CCW. If you have any questions, please feel free to reply!

CCW renewal timeline for San Diego County.

36 days.

23 July, 2025 8hr class & CCW pro account creation. 24 July, 2025 CCW PRO active notification email received & documents submitted. 7 Aug., 2025 Payment notification email received & paid in full. 28 Aug., 2025 CCW PRO updated with approval. 4 Sep., 2025 Received license in the mail.

I've seen some folks say their renewal timelines have been shorter.

I will update when license is received in the mail. (I always make a photocopy to keep with my registration paperwork in the car)

Good luck to everyone applying for initial and renewal licenses.

Updated to add license receipt date.

Torrance PD CCW Timeline and Cost (After Permitium Implementation)

This Timeline and cost was for my initial CCW.

24APR2025 - I applied online through Permitium portal (on Torrance PD website) Initial application cost was \$50

22JUL2025 - Emailed Torrance CCW email asking for an update on my application. (No Response)

01AUG2025 - Received a phone call from the CCW detective asking to set my appointment for my interview (I think due to my email)

07AUG2025 (8:45AM)- I had my interview and all they asked was questions to confirm the information I had on my application he took my picture and my fingerprint. (9:30AM) I took my livescan off site. Cost was \$138 (12:00pm) CCW Detective called all my references and asked simple questions like [if he part of gang?, ETC]

09AUG2025 - Took my first 8 hour CCW class at ELITE CCW (Great team would recommend) kind of far but I would definitely drive to take it there again. Cost \$400 for 16 hour class. Worth the money.

16AUG2025 - Took my second 8 hour CCW class to complete the course and receive my certificate. I submitted all the documents same day to the portal.

18AUG2025 - Texted the CCW detective to inform him that I submitted my documents and if there is anything else that I need to submit. He said no and accepted my application for my permit on the spot. I paid a final \$50 and set a date to pick up my CCW.

20AUG2025 - This is the set day I have to pick up my ccw.

Total Length: A little less than 4 months Total Cost: \$638 (could be less with different course and different livescan location)

Overall Torrance PD did a great job and CCW Detective Rich Gabel was on top of everything if you don't plan on moving soon I would definitely recommend going the Torrance PD Route.

LASD CCW timeline

Applied 8/30/23

Interview scheduled for 3/26/2024

Received an email 12/20/23 that my interview has been rescheduled for 9/26/2024 (wasn't surprised)

Livescan completed 9/2/24

Phone interview was completed 9/24/24 was also advised to be on the lookout for an email regarding the next step if everything checks out

Received the email 5/2/2025 to continue with my initial 16 hour course

Course completed and submitted file to application 6/21/25

Received a call 7/11/2025 saying it's ready for pick up

Picked up 7/25/25

Side note: I applied thru LASD, but since moved during the almost 2 year wait to a non LASD contracted city. For the address change they just asked for a utility bill and they went ahead and changed my address to my new one.

TL;DR applied 8/30/23 won the battle on 7/25/25

LASD CCW Timeline - 679 Days from Application to Permit Pickup (Los Angeles County via Permitium)

Sharing my full LASD CCW timeline for those wondering what to expect. This was through Los Angeles County Sheriff's Department (LASD) using Permitium. I completed training with MEDIC UP CONSULTING, LLC. Total time: **679 days** from application to pickup.

Full Timeline

Day	Date	Event / Notes
-----	------	---------------

0	09/11/2023	Application submitted via Permitium
0	09/11/2023	Scheduled Interview via Permitium. Initially set for May 2024 , but I kept checking back (almost every day) and secured an earlier opening for January 3, 2024
85	12/05/2023	Live Scan initiated
92	12/12/2023	Live Scan Completed - CA DOJ and Firearms good to go
92	12/12/2023	Rescheduled Interview Email Notification - to July 3, 2024 due to backlog from paper applicants.
294	07/01/2024	Completed Interview - LASD called during holiday week and offered an earlier interview 2 days ahead. Completed interview over phone. Deputy said I should expect Proceed to Training (P2T) in about 3 months
371	09/16/2024	Status on Permitium - Permitium status changed to "Appointment Completed"; no direct email, probably just internal marking of the interview
405	10/20/2024	Training Day 1 - Training & classroom instruction with MEDIC UP CONSULTING LLC. Range day was rescheduled due to wildfire warnings
411	10/26/2024	Training Day 2 - Completed Range Day & Training with MEDIC UP CONSULTING LLC
599	05/02/2025	Proceed to Training (P2T) email received. Submitted training docs same day
669	07/11/2025	Permit Processed Notification - Got email, text, and call from Permitium: "Your Permit Has Been Processed." Paid remaining fees and scheduled pickup. This notification was all automated and I received no phone call from any deputy.
679	07/21/2025	Permit Pickup - Picked up permit at LASD. Smooth process; verified firearm serials, ID, and signed Terms of Use

Notes and Tips

- Total time: **679 days** from application submission to pickup
- Checking Permitium regularly helped me move my interview from May 2024 to January 2024
- The longest delay was from **interview to P2T**: almost 10 months. This was insanely long and consider it an outlier because they were likely prioritizing the paper applicants before working on the permitium applicants.
- While not explicitly advised, some people said to complete training ahead of time so you can submit documents as soon as you receive the P2T. It might be helpful if your schedule is busy and cannot dedicate 16 hours for a weekend of training within a spontaneous 60 day window. (LASD requires training to be done within the 60 day window of the P2T email). YMMV, so proceed at your own caution as LASD does not explicitly advise this, but I can confirm it was a positive experience for me. MEDIC UP's training documents are good for a year I believe.
- Be patient. It might be very frustrating waiting for so long (and rightfully so), but always keep it professional. LASD was professional and respectful throughout the process.

Good luck to any LASD applicants out there. Be safe!

LASD CCW Under 2 Years Timeline - Change of Address Halfway Through - Sep '23 to Jul '25

Thank you all for keeping the group sane throughout the past few years with the long wait lines. Here's my official timeline, and I hope it helps someone else who is in the process still. **One thing I'd like to emphasize: I triple checked everything to not add ANY hurdles on my end as it makes their lives harder and in return mine miserable.**

- September 2023 - Application sent online with all the appropriate documentation they requested.
- December 2023 - Livescan submitted. There was no communication on their part and I had to do my own research and take that step.
- Late December 2023 - A few days after submitting the livescan work, I was given an early July 2024 interview date. I obsessively checked the "reschedule" page on my phone multiple times a day until I found a sudden early January 2024 availability and immediately took it. About a week prior to my interview appointment, I received a text and email that my interview had been pushed 6 months back to July of 2024 (this happened to most if not all applicants, so technically I was still ahead) as they wanted to prioritize and work on older

paper-submitted applications. Those people had been waiting for over two years already at that point.

- July 2024 - I received a call from a Deputy who conducted the interview over the phone and made sure all of my information had been correct. I reported a potential change of address that was yet to happen and asked for his advice (still under LASD jurisdiction). I had to submit new proof of residency documentation which took me an additional week or so to receive new bills and ID. I told the Deputy that I wouldn't quote him but wanted an approximate time range of when I'd hear back - he said "most likely 3 months if all goes well, that's been the pattern." *All went well, but the timeline did not.*
- I emailed twice and got boiler template responses. I called the dedicated number and was told they're doing what they can but are very limited on staff and have thousands of applicants - long story short: just wait and we'll reach out when we have an update.
- Reddit posts started appearing about the delay in sending us to training, so it turned out to be a new standard instead of the older 3-months-long one.
- May 2025 - I received permission to take training classes. I knew I could take training beforehand as it stays usable up to a year from taking it, but I'm not a lawyer and I did not want to gamble the training fees and time and have to do it twice if any of that was incorrect or the laws suddenly changed.
- Late May 2025 - I completed the 16-hour two-day training, and a week later had the certification submitted.
- A few days ago (Early July 2025) I received a call, text, and email about being approved and to schedule a pick up date. The dates were all about 3-4 weeks ahead, but luckily I found one timeslot that was 6 days away and took it, **bringing my total LASD CCW process to one year and 10 and a half months.**

Best of luck to you and don't give up! Stay safe out there.

Riverside county ccw renewal timeline

Completed course 6/27 Submitted application 7/2 Approved 7/9

RSO is one of the best for ccw processing

CA Non-Resident CCW (Fresno County) Timeline / Process - 34 Days

CA Non-Resident CCW (Fresno County) Timeline: Total days from application submission to CCW in mailbox - 34 days 05/27/2025 - Submitted Online Application 05/29/2025 - All 3 references were called 05/29/2025 - Sheriff's office called my phone to request the following: upload passport photo to application and mail out 2 fingerprint cards (Also asked if I would have training submitted before interview) 06/01/2025 - Submitted 16 Hour Non-Resident CCW Online Training Certificate 06/02/2025 - USPS Priority Mail Parcel with fingerprint cards received by Fresno County Sheriff's office 06/03/2025 - CCW Interview with Sheriff's Department (Facetime call) 06/18/2025 - Permit Approved Email Received 06/18/2025 - Paid final part of Application Fee 06/25/2025 - Permit Issued 06/30/2025 - Permit Received in mail (Charleston South Carolina area for distance context)

Cost Summary (Final Total: \$233.03): \$129.29 - Initial Application Fee \$0.00 - Fingerprinting Fee (Local PD did not charge me a fee, but most people will probably have to pay for this average \$10.00 at most PDs) \$10.40 - USPS Priority Mail Parcel (For submitting fingerprint cards) \$93.34 - Final Permit Issuance Fee (\$92.00 Permit Fee + \$3.34 Credit Card Fee (there was no option that would allow you pay with a method other than credit card to avoid the additional fee))

Notes from what I learned during the process:

- Fresno County Sheriff's office will allow you to do your qualification live fire with an NRA Instructor local to you regardless of if they are a CA DOJ Approved CCW Instructor (must have the following NRA Instructor Certifications: Basic Pistol, Personal Protection Inside The Home, & Personal Protection Outside The Home)
- Fresno County allows up to 6 pistols on the permit at a time. (From my research they seemed to be one of the more 2A friendly counties so I applied through them, although you could go through a county like Orange county where there is no limit, although I did not anticipate planning to bring more than 6 pistols to California, so I chose Fresno as it was more than the average limit which is 3...)

Notes about being eligible via GOA Membership: At the time of writing this you must be covered under a court injunction to apply, to qualify I chose to become a member of GOA. NOTE: GOA membership receipt is not enough to prove membership!!! You either need a letter on their letterhead confirming you are a member or your membership card. I ended up calling and submitting a ticket to GOA to obtain the necessary proof, when I called they emailed me a letter same day I could use for proof. The ticket i opened resulted in them emailing me a digital membership card about 3 weeks after and i got a letter the same day as my permit with a physical GOA membership card ie 34 days after submitting the ticket stating they expedited my card and I may still receive another one...

tl;dr: If you sign up for GOA and need expedited proof of membership, CALL THEM, do not open a ticket as it is exceptionally faster to get a letter from them than it is to get an expedited digital membership card... (2hrs vs. 3 weeks)

Intent to visit California within 12 months notes: Currently to apply you must state on the record that you have intent to visit the county you are applying to within the next 12 months. They will ask you what you plan to do on your visit during your interview so be prepared to answer that. I genuinely do intend to be in Fresno County within the next 12 months so i had a pretty solid answer to the

question, but I would probably recommend making sure the justification you give makes the respective county the destination of your visit as they might try to make you apply to the destination county if your justification is something like "I plan to stop for gas while passing through on the interstate"... With that being said I would not advise lying on your justification and since we have no idea what will be requested on these non-resident permit renewals, I would definitely make sure to actually make a trip that is documentable to the county of issuance within the validity time of the permit, sorta as a CYA thing...

If anyone has questions about the process feel free to ask and I'll do my best to answer them... Fresno County Sheriff's Office did tell me they are still working out the process so there will probably be improvements and that I was like the 5th person to apply as a non-resident to their county...

SB County CCW

Just took the leap and submitted my paperwork today. I have my livescan tomorrow, then will wait for conditional approval before taking my psych eval and my CCW course. I hope everything goes smoothly and am looking forward to being a member of the community. Will report with further details and will answer any questions for others looking to apply for their CCW.

Adding that this is Santa Barbara County for clarity.

6/26/25: Initial Application Submitted

6/27/25: Livescan completed

7/16/25 Timeline update: Spoke with a detective today who said they are currently backlogged. Said I should receive another call back within a month to discuss the next steps.

8/7/25 Timeline update: References have been contacted, and I am currently awaiting a call from the detective for the next steps.

8/12/25 Timeline Update: Interview conducted the detective let me know he would be sending the paperwork for further sign off but the person in charge of completing that portion would be on vacation for the next few weeks. He stated that once this is finished, I will be getting a call from the psychiatrist to get my psych eval scheduled. Which is in another county 2 hours away from me. I was also advised to go ahead and schedule my CCW course which I did.

9/9/25 Psych eval completed at the low low price of \$625 (what a bargain)

Contra Costa CCW timeline so far

Applied - 05/19/2025

LiveScan Done - 05/21/2025

LiveScan Completed - 05/24/2025

Interview - 06/04/2025

The closest range qualification is in October though :(

Ventura County CCW Timeline (2/3 - 6/17)

Started carrying a few days ago. Felt like such an important day picking up the card. Turned out to be a normal Tuesday.

Application Submission - (2/3)

LiveScan & Approval - (2/12 - ???) Can't exactly recall when the "firearm" scan was finished. Nevertheless, didn't hear anything until April.

References Called - (4/21). Sheriff's office called me before calling my references to let them know. Entire process was done in an hour.

Initial Interview - (4/23)

CCW App Approval - (4/24)

Initial 16 hour training class - (6/6-7). There was a gap due to stuff lots of stuff going on and deciding which instructor to take. Settled with Mr. Greg Sonnenburg.

Training Approval - (6/13)

Final Appointment for Picking up the card - (6/17)

Currently bought Federal Premium HST 124gr +P for ammo. I'm also looking at Attorneys on Retainer for self-defense "insurance." If anyone has questions or advice, I'd be happy to respond/listen.

San Diego County CCW Renewal Timeline And Process 2025

Just finished my ccw renewal in San Diego county and wanted to share the process and time it took from the point of application to actually receiving the license. Also wanted to show how the ID has changed. The yellow is my old ID and the blue is the new one.

TLDR: It took me 34 days from hitting the submit button to having the permit in my had. If you include the CCW class lead time, it took 60 days.

TIMELINE AND FEES

For the renewal, things were a little different than my initial application. I was not required to go down to the SD sheriffs office, however, I needed to have my 8 hour CCW renewal course re-certification before applying online. I reserved my class at Poway Gun range on April 15th, and the

earliest I was able to get in was for May 11th. The class was \$299. Took the class and passed no problem, got my certificate/Issuance letter, and went home to submit it. From that point (May 11th) it took until June 5th for the renewal to update, and I got an email saying payment was required. The cost for me was \$79.39. I think I paid the fee the same day, but it might have been the next day. From the time of payment submission (June 5th) it took until June 14th for the permit to show up in the mail.

REQUIRED DOCUMENTS AND INFORMATION

Once you've made your account on the new CCW Pro sheriffs website, you will need to fill out several pages of stuff.

1. Personal Info - Name, date of birth, phone number, SSN, that kind of thing.
2. ID Info - Drivers license and any restrictions.
3. Address - Where you live
4. Appearance - Your physical characteristics, Height, Weight, Eye color, etc-
5. Employment and Weapons - Where do you work, what is their address and phone number? What Guns will be on your permit. This section is important. You can only add Firearms you've qualified with in the CCW class to your permit.

6 .Qualifying Questions - This section is 21 questions long, and is to see if you are prohibited from getting a CCW.

7. Upload Documents - This section is all the required documents you will need to submit photocopies of before you can submit the permit renewal. There are several combinations of documents that can get you through, but here is what I used.

Drivers License front and back

CCW Safety Course certificate

CCW Safety Course Issuance Letter

Proof of residency - I used my most recent Electric bill, and a bank statement

Supporting documentation - I used two pay stubs, my work ID, and my HVAC certification card.

In my opinion, the more things you can throw at them to prove you are who you say, the better. You are required to have at least one recurring city bill like an electric or water bill, but two would be better. I used two pay stubs and a bank statement instead of the second city bill. I'm pretty sure a mortgage or rent bill would work for the second recurring city bill, but don't quote me.

After all that, you will fill out a few more short things, and hit submit.

I think that covers the whole process for me, if I'm missing anything or got something wrong, let me know and I will correct it.

Contra Costa CCW Timeline - in progress

Seems like Contra Costa is moving a little faster these days, when i applied i assumed it would be 12-18months.

December 28, 2024 - applied for CCW \$80

April 2, 2025 - request for Live Scan

April 3 - Live Scan complete \$130

April 19 - request for in-person interview

April 23 - in-person interview completed

April 24 - references called (only 2/3 were called)

April 28 - request for 16hr training

May 24 - pistol basics training (8hr - \$250)

May 24 - submitted document of completed 8hr course

May 27 - request for qualification with sheriff

May 30 - CCW class (8hr -\$250)

May 30 - submitted remaining documents of completed training

July 19 - Shooting Qualification

July 22 - Approved and paid final dues and booked pickup appointment (\$100)

Interview: In person interview is only held on Wednesdays and took about 5 minutes total after sitting down.

Interview Questions: Have you been involved in domestic violence? Have you been contacted by the police as a suspect or victim? Have you ever had a negligent discharge with a firearm? Do you use or have you ever used illegal substances? Have you been in a fight? How is your decision making? How do you handle stress?

Pistol modifications: I got mixed responses on pistol modifications from here and my LGS so I reached out to the sheriff and this was their response:

"Our policy is currently under revision, but our modification policy is: GENERAL. The alteration of a weapon approved for a CCW is prohibited.

1. This includes the addition of equipment, alteration of trigger pull, trimming of springs, honing or filing of mechanical parts or any similar or related alteration.
2. The addition of flashlights, laser sights, expanded capacity or extended magazines, or similar modifications, are prohibited and shall constitute an alteration.
3. The alteration of a weapon shall be cause for the immediate seizure of the weapon and revocation of the license."

I doubled down to ask specifically about changing the grip modules on the Sig P365 to other OEM grips modules like the XL or XMacro and was informed: "Currently only grip tape and stippling are permissible"

So approved modifications are: Iron sights, stippling, and grip tape.

2025 CCW Timeline for Orange County

Summited my application 11/14/24

- Initial Interview Date: 06/29/25.

- Tried several times to reschedule the interview to an earlier date, their website is still a work in progress and it would not allow me to reschedule on any of the open slots. Tried on several different browsers to no avail.

- Assigned an analyst on 05/06/25 and interview moved up to 05/28/25.

- Completed Livescan on 05/19/2025

- Interview conducted at 320 N Flower on 05/28/25. They called my references the same day probably an hour after my interview was completed.

- 2-Day training with Firearms Training Associates in Eastvale, CA on 05/31 - 06/01

- Issue with a DROS on one of my handguns delayed processing, had to reach out to the DOJ by phone to get a serial number corrected in their system. It took 2 weeks to reach someone but once I did, the correction took less than a day.

- Payment completed via phone and waiting for license as of 06/14/25.

Overall time was 212 days. Probably would have been around 190-200 days if not for the delays due to the DROS issue.

Total Cost: \$123 Livescan (\$30 rolling, \$32 DOJ, \$17 FBI, \$44 Firearms) + \$310 Training (\$260 for the class and \$25 each for additional handguns) + \$169 for the Licence. = \$602

If you want to nitpick the details and factor in things like a pistol (if you don't own one already), gas, ammo, or insurance a CCW here can easily cost \$1-1.5k+, pretty absurd imo.

Some things to be aware of. OCSD's CCW Pro website is still a work in progress. Apparently some people were lost in the migration period from whatever old system they used so processing took longer than usual. Additionally, they are planning on adding credit card payments to the website in the future so hopefully that will streamline payment a bit.

LASD CCW Timeline June 2025

My CCW journey has been harrowing, and I received great comfort throughout this time of tribulation from reading various CCW threads in [r/CAGuns](#) so I wanted to give back with the hope that it will help others during their quest. 1 year and 10 months.

- 08/19/2023 Application submitted
- 10/18/2023 Advised by CCW Unit that my Livescan was rejected due to poor quality. I immediately redid Livescan at a different vendor and uploaded it 10/19/2023.
- 12/14/2023 Was notified that telephonic interview appointment that was scheduled for 03/05/2024 was rescheduled to 09/05/2024
- 09/05/2024 Interview appointment via phone completed, officer advised me I would receive an email by end of December 2024 to proceed with training assuming my application was approved. I was told not to do the training until advised to do so.
- 01/28/2025 Emailed CCW Unit asking when I should expect email to proceed with training, received a generic response the same day "Your file and live scan returns are pending review, we will contact you once completed."
- 04/29/2025 At this point I had just about given up except for reading CCW threads in here kept me breathing.
- 04/30/2025 Received email to proceed with training.
- 05/08/2025 Completed training (I ponied up for private training to get it done asap) and uploaded completion and proficiency forms same day.
- 06/06/2025 Emailed CCW asking if they tried contacting me since I missed a few calls, I received a generic response the same day "You will be contacted when your file has been approved, and we are ready to issue your license."

- 06/13/2025 Received the call 4:30pm on the nose (the number wasn't restricted, and it wasn't a person, rather a robo call) advising me my CCW application is approved and to goto Permitium to pay final fee and schedule pick up. I paid fee immediately and scheduled a pick up date. I want to note that the call came from a number that the CCW Unit had been previously using to send me update texts, so I had saved that number as CCW Unit Text. I obviously recognized it when I got the call today. I also received a text and an email in addition to the call. I'm just pointing this out, it is possible others may not receive their "call" this same way.
- 06/18/2025 Pick up date

LASD CCW Process Timeline

Just wanted to add datapoints for people going through the CCW process for Los Angeles County Sheriff's.

- Applied 07/21/2023
- Interview 08/07/2024
- Firearms Training Approval 04/28/2025
- Firearms Training Complete 05/24/2025
- Certificate/Proficiency Uploaded 05/25/2025
- Final Payment 06/10/2025
- Physical Card Pickup 06/16/2025

Placer County CCW Timeline

Application submitted April 8, 2025 - \$20 Fee

Interview April 15, 2025 - My references were contacted the same day

16 hour class May 3-5, 2025 - \$350

Final approval email May 8, 2025 - Final payment \$80

Total of 30 days from application to approval, with total of \$450. Waiting for receipt of CCW license via USPS

El Dorado County CCW timeline!

3-29 - CCW Application submitted on Permitium, appointment scheduled.

4-4 - Appointment day. Fingerprints/livescan complete. They just asked a few questions required by law.

4-26/27 Took the 16 hour course over the weekend. Live fire standards were ridiculously easy (30 rounds per gun at 5 or so yards lol). After getting home, I scanned the certificate and submitted it to Permitium.

4-28 CCW Permit approved and ready for pickup!

Overall the process was quite easy and I appreciate the speed at which the EDCS CCW Unit processed everything. Longest thing I waited for was the 16 hour course.

Contra Costa County CCW Timeline

After expecting the process to take upwards of a year, I'm happy to say CCC seems to have sped way the hell up with their permitting. From application to pickup it looks to be about 3 months now. I had to delay the class a bit due to a scheduling conflict, but other than that picked the earliest times I could to complete each scheduled step. I'm happy to answer any questions or provide assistance with the process if anyone is interested.

Total cost including the 16 hour class: \$611.25

2/2/25

- Filed CCW application with Contra Costa County via Permitium (\$80)
- Waiting to hear back about when to do Livescan (called Sheriff and was instructed to do it immediately)

5/2/25

- Pick up permit

Stanislaus CCW modification timeline

2025. Just a PSA post. Took 2 weeks from submission to approval.

Fresno CCW Timeline

I'm honestly surprised it took this short of a time to get it. 46 days from class to card in hand

03/01/25- Took the ccw class

03/25/25- Got appointment for interview at 9am (originally April 3rd but kept checking every couple hours) Strangely they called my references before my interview

04/3/25- Permit issued (emailed for final payment)

04/16/25- Permit in hand

Paid 95\$ at the police science institute

and then 208\$ for the sheriff

totaled out to 303\$

Sac County CCW process and timeline...

Hello All.

This and the /CACCW sub have been so helpful to me. In an attempt to contribute to the community, I just wanted to disclose my CCW experiences and timeline so that it might help others in their process.

Initial Application to Sac County Sherriff(SCS) via Permitium portal: 22 Nov 2024

Supplementary Documentation requested by SCS: 5th December 2024

Interview Date set for: April 29th 2025

On the 4th of Jan 2025 I noticed an appointment appeared for 29th January. Selected this to replace my original 29th April date.

SCS contacts my spouse, and two references on the 8th of January 2025. On the same day SCS requests updated proof of address (original ones had since passed the 60 day window required for validity).

SCS confirms interview time and date on the 9th January.

SCS interview was with a retired deputy. Cordial, calm and informal. Total time was 21 mins. Interviewer says I can take Livescan once interview is over. Since the Livescan is in the same building, I just happened to see an opening 40 mins after the interview. Submitted the Livescan that same day.

On the 30th Jan 2025, SCS confirms receipt of Livescan and says I can now complete the 16hr CCW Training requirement. Found and registered for a class held on 13th/14th Feb 2025. Submitted certificates to SCS on the same day.

SCS contacts me on 17th of Feb 2025 confirming receipt of document and requests final fee payment. Paid it that day and received final email to pick up permit any Tue / Thurs.

18th Feb 2025, pick up and sign for permit.

Costs:

Application fee: \$58 Livescan : \$145 16hr CCW Course: \$225 Final SCS fee: \$191

TOTAL: \$619

Start Date: 22 Nov 2024 End Date: 18 Feb 2025

Happy to answer any questions in this thread or via direct message.

FINALLY!!! CCW Timeline Kern

Finally picked up my permit today and I couldn't be more excited about it! From prohibited person for 12 years, to now CCW holder, it feels great. Huge milestone for me in my life. So many "friends" and family doubted me, and I'm happy AF to prove them all wrong.

I know everyone here loves timelines so here is mine for Kern County:

9/30/24 - Submitted my application online through Permitium for Kern Sheriff. (\$169)

10/8/24 - Got the call to come in for brief interview.

10/14/24 - Interview appointment. All they did was just review my application and ask a few follow up questions.

10/23/24 - Update in Permitium, conditional approval to sign up for CCW Training. (16 hours)

10/23/24 - Enrolled in CCW training. (\$275) Did like 10 hours of training online, finished last 6 hours at range.

11/2/24 - CCW range session and qualifications.

11/4/24 - Submitted qualification card and did a final Live Scan at Sheriff office.

2/4/25 - Live Scan finally completed. (This was the longest process just over 3 months)

2/6/25 - Got call from Sheriff I've been officially approved.

2/10/25 - Appointment to pick up my permit.

All in all, it took just a little over 4 months from start to finish. Total out of pocket cost was \$444 plus the cost of ammo for training and qualification. I owe a big thanks to lot of people on Reddit and a few of my coworkers for assisting me throughout the process.

CCW San Mateo County

About 18 months but finally got it. Here's the timeline: 6/13/23 submitted application \$136

6/14/23 email from sheriff office; livescan done \$2; sheriff office confirmed receiving

6/14/24 assigned processor

6/27/24 scheduled meeting for interview

7/1/24 zoom interview; 20 min

7/2/24 scheduled psych eval; \$300

7/17/24 psych eval; 35 min

10/30 approved for training; \$85 application payment

10/30 training with saber tactics; \$400, \$40 range fee

12/7 training qualification day

12/10 emailed certificate to sheriff's office

1/2 scheduled pickup for 1/7

1/7 pickup at Sheriff's office

San Joaquin CCW timeline

Applied 9/11/24

- Livescan appt and interview 9/18/24

- Application approved 10/31/24 after speaking with my three references
- CCW 16 hour course taken 12/6-12/7/24
- Permit picked up 12/17/24

Could have gotten everything done by mid November if my time permitted. Overall very easy process.
